

## **Application Fees and Intent to Pay**

I give permission for my child, \_\_\_\_\_, to participate in the Samara Day School Application and Admissions Review Process. I understand that Samara staff members, including teacher specialists, administrators and clinical staff, may interact with, evaluate and/or observe my child as part of the standard admissions process. I understand the information gathered will not be released to any other agency without my written consent. **There is no written report provided from this process.** Participation in the Application and Admissions Review Process does not guarantee acceptance to the Samara Day School.

I have given Samara copies (or releases to obtain copies) of all current and past IEP's and evaluations (education, psychological, speech and language, medical, etc.) that may be relevant to determining an appropriate educational placement for my child.

**If my child is offered enrollment to the Samara Day School, it is my intent to pay private tuition.**

**I understand that the following *non-refundable* fees are involved in the Application, Admissions Review and Enrollment Process:**

- A **\$50.00 Application Fee** is due with the Application Package to begin the School Admissions Process. Application Packages will be reviewed when they are complete.
- An additional **\$100.00 Admission Review Fee** will be required to continue with the Admissions Review Process if my child is offered a School Visit, and/or Samara staff determine that an observation of my child at his/her current school site is needed.
- An additional **\$100.00/day** will be charged if the Admissions Review Team concludes that an extended school visit at Samara Day School is needed to determine the appropriateness of the Samara program for my child (more than the standard day visit).
- A **\$1000.00 Tuition Deposit** will be required within two weeks of acceptance to the Samara Day School if my child is offered enrollment.

**I further understand that should I decide to seek nonpublic school funding at any time, no private fees charged will be returned. A change in funding categories will be subject to the current policies of the Center's Board of Directors and Administration. All requirements for a publicly funded Application Package must be in place prior to making the request for a change in funding categories. Application deadlines will still apply.**
